

Need Help Putting It All into Practice?

AwareSecureCo

The Cyber Resilience Starter Kit gives you the essentials.

But sometimes, you need more than checklists and templates – you need someone to sit down with you, understand your business, and help you build real resilience.

Let's Talk – Practical Cyber Support

Whether it's a 30-minute discovery call, a virtual walkthrough, or an in-person visit, I offer practical, jargon-free guidance tailored to your business.

Quick Cyber Health Check (Live)

A quick focused session to assess where you are – and what you can do next.

- Review of password practices, device security, remote access, and staff awareness
- Use of the included 10-Minute Security Health Check as a live guide
- Clear, actionable recommendations
- No scare tactics – just straight-talking advice

On-Site or Virtual Sessions Available

- Virtual: Ideal for quick wins, remote teams, or a first step
- In-person: Great for a hands-on walkthrough or staff awareness session
- (Available across the East Midlands and surrounding areas)

Book Your Discovery Call

Let's explore how I can support your journey. No pressure, just real help.

Email: info@awaresecureco.co.uk

Just include a few lines about your business and I'll get back to you.

Your business deserves to be secure, trusted, and resilient.

Together let's make that happen.
